Are many pastors just dupes for Satan? Repent and do what He calls you to do!

Satan is having his way, lying, killing, stealing, destroying, dividing. He has accelerated his work in the United States and millions of Christians and their children are at risk of going to hell for eternity, and that is his job. Satan has many dupes, the atheists, pagans, secular humanists, communists, international bankers, N.E.A., A.C.L.U., and others that take up his cause to lie, kill, steal, destroy, and divide, and that is their job. The deceit and destruction is running rampant in the education system, media, government, and many pulpits. So what are Christians Pastors and their flocks to do? Their Job as Christ outlines for them, not what they outline for themselves for comfort, or allow through cowardice for evil to dictate. Repent and do what is right in God's eyes.

We are to do everything with the love and forgiveness of Christ as we stand firmly in His truth and in obedience to His commands. We need to loudly proclaim from Romans 1:16, "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth:" Loving God with all our heart, mind, soul and strength, and love our neighbor as ourselves. We are to abide in Christ, for without Him we can do nothing. Christ

is Truth, and truth will offend and divide because you have to choose whether you stand on God's side or man's side. Truth evidently has offended many pastors, who then do not want to take a chance and offend their flocks. When this happens, they show that they do not love their flocks. For true love is to the point of wanting their souls in heaven for eternity. Love your pastors & pray for them to do right.

Joseph Goebbels the Nazi Propaganda Minister stated, ***"Not every item of news should be published. Rather must those who control news policies endeavor to make every item of news serve a certain purpose."*** Since the Pastors control the news that gets to their flock, I am sure that their policy is to endeavor to make every item of news serve a certain purpose, but who's purpose? If all of your message is cotton candy, the children will run to have their share, but a steady diet of cotton candy can poison and rot the system. Pray for your pastor to stand like a man of God, one like Peter that says to those in civil government, "it is better that we obey God, rather than man." Then there are the ones that talk strongly from the word of God, but will not lead their flocks into the battles that make a difference in where souls will be for eternity. Their walk does not match their talk, which is a great problem with true Christianity. Pray again for such pastors, because they live in

fear of actually taking a stand. Because the world controlled by evil has embraced them, they are willing to compromise with those that are putting Christians at risk of going to hell for eternity.

California has just signed into law, a law put forth by a lesbian activist in the legislature, that makes it necessary to teach all children in the public schools of the state, with some attacks on the Christian schools, that transsexuality, bisexuality, and homosexuality must be portrayed in a positive and accepting way. Aggressively going against the morals and virtues of the people, and where are the pastors? Pastors that should have been the first ones on the line to warn us of danger, are many times more concerned with maintaining their comfort and reputations, than in fulfilling their responsibilities. They have been cowards because they have not trusted in the Word of God, that all power was given to Jesus and that He would be with them always. They have allowed traitors and barbarians inside of the gates to destroy souls. Is the name tag that Arnold Schwarzenegger gave to the Democrats at a nation convention when he called them "girly boys" going to be a name that sticks to the leadership legacy left by most pastors today.

Pray for your pastors, because they are commanded to Biblically resist all actions that are against God. Help them to become MEN instead of males that make all kinds of excuses not to engage. Jesus gave the command to “Go Ye” and one to “occupy until my return”, he did not say “come inside of a building and set in a pew and that’s all you have to do.” Silence is also a sin, and it is the banner of many pastors, who need your prayers.

If a law is put in place that is against God’s laws, then we are obligated to obey God and not man, and this should be shouted from the pulpits from coast to coast. I pray that God opens your eyes and ears, that the Holy Spirit strengthens you so that you run like David to meet Goliath instead of shaking in your armor like the armies of God of Israel, that you open your windows to pray to God like Daniel even though the king said no, that you will never bow your knee to anyone but God like Shadrach, Meshach, Abedgo, even though the king said to bow, that

Jesus will say to you “well done my good and faithful servant”.

Pastors, understand this, if you (yes you) are not willing to stand, you set your followers up to be led to the slaughter. The flock needs you to talk HIS Truth and then walk it in resistance to evil where ever it manifests itself in government, education, media, and church. Maybe an example for those of you in California, would be to take the recent laws supporting homosexuality, go to your capitol and pray, then burn the laws on the capitol steps to let Arnold and others that are traitors to God, family, and country know that these laws do not apply to you or your families because they are against God’s laws.

Every legislature, judge, and governor or president that tries to put any law into affect that is against God’s laws, and thus the family and the nation, should be met with resistance in a Biblical way. We are called to do good, and we are to obey God always, which would mean that you will disobey any law that goes against His laws.

I pray that this message will be taken by the Holy Spirit into the hearts of pastors across this nation for the sake of our posterity. The moral decay continues to worsen in America daily and like Patrick Henry said, “It is in vain, sir, to extenuate the matter, gentlemen may cry peace, peace--but there is not peace. The war is actually begun! The next gale that sweeps from the North will bring to our ears the clash of resounding arms! Our brethren are already in the field! Why stand we here idle? What is it that gentlemen want? What would they have? Is life so dear and peace so sweet as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take: but as for me, give me liberty or give me death!”

Pastors do you know what you have to do so that some in your congregation and many across this nation go to hell for eternity? Answer: NOTHING, just continue to be silent.

REPENT! THEN GIVE ALL LOVE, HONOR AND GLORY TO GOD

Love and Prayers in Christ to each of you, Dr. Gregory Thompson

Protecting the Sacred Cow

I was blessed to be able to go to Macon County Tennessee to set in court beside two patriotic Americans that understand the times and are willing to stand against the Goliath of the Government Education System that is harming the children of this once great nation.

Why would the government education system (Sacred Cow) in Smith county Tennessee want to stop parents from receiving the truth so that they could protect their children. That is just what they did by asking the court to put a restraining order on a wonderful older couple from Smith county, Bill and Patsy Hewitt, who love the children and understand the times. In love and forgiveness, I ask God to deliver from evil the attorneys and administration for the Smith County School District, that are involved in an action against God, Family, and Country. As they seek ways through the courts to keep the child and family advocates from giving the parents and grandparents the truth . In 1983 a report issued by the National Commission on Excellence in Education said, “If a foreign power were responsible for the state of education in America we would have considered it an act of war.” It has gotten worse since then.

The moral decay we face in this once great country is a result mainly of the education of the young, but surely not in my school district, it is happening somewhere else. Does that sound familiar? But the more information uncovered through research of primary source evidence shows that every government school is infected in some way, and that the infection is like a growing cancer rotting from the inside. This was happening even though a majority of the teachers are Christian, just like in Smith county.

The Smith County School Board by using the courts, are trying to make it impossible for the Hewitt’s to give researched truth to protect children. Bill and Patsy also have an understanding that our once great nation was once looked at with respect and admiration all over the world with a desire to be like us, but now, missionaries are sent to America to help us turn back to God before its to late.

May the Holy Spirit give each of you an opportunity to have your eyes opened with the Truth, because the nature of the Sacred Cow is to socially engineer the children and is not interested in the truth unless the Cow makes it up. God Bless
