

America ASLEEP kNOW MORE*** January 2010

And why do you call me Lord, Lord, and do not the things which I say? Luke 6:46 Are you hearing the Lord? We have indeed been asleep and will only turn our country around when we as Christians decide to live according to the commands of God. Christian principles on a foundation of Jesus is all that will save us in the most dire times our nation has ever faced. Our Government has forfeited the right to govern the people, as the government goes against the will of the people and against the Laws of Nature and Natures God. We have been betrayed, the Declaration of Independence and Constitution have been betrayed. Whenever you make laws that protect and legalize the murder of babies, protection of perverted and unnatural lifestyles, and taking of private property, etc. the Government in Washington, all branches have forfeited their right to have us obedient to them. "Resistance to Tyranny is Obedience to God.

We have been fortunate to be on the front lines in many battles against the tyranny, and help those in need while we go to the battle lines. Coach Dave and I were able to help with the delivery of approximately \$120,000 worth of food to those in dire need as a result of losing jobs and the conditions that both political parties have put our people in. As we were going through neighborhoods, I spoke with young mothers and fathers that had lost their jobs, and there was no other jobs that many could find to replace the care for their families. One young man had lost his job last June and his wife had lost her job in November, they had four children, and they wanted to work. Make no mistake, both parties are responsible for turning our backs on God as a nation, protecting immorality, and allowing our jobs to be shipped out of the country.

We then had a major Shake The Nation in Columbus, Ohio with over 400 in attendance, from the Ohio 9/12, Ohio Christian Alliance, Ohio Liberty Alliance, People's Constitution Coalition of Ohio, Pro Life Physicians, WRWL voice of the Christian Resistance, Walnut, Center for Bioethical Research, Ohio Tea Party, Oath Keepers, Home School, and many other Christian Patriots, that know the time is now to listen to the words of our Declaration of Independence to God, and the People, **"It is their right, it is their duty to throw off such government and provide new guards for their future security"**

Understand it is our duty to help those in need, never neglect that, and help us to do that even more, but we are also called as Christians to the weightier issues of the day, that not only put our children and future generations at great physical risk, but also put many at risk for eternity.

Are those sleeping starting to awaken, what are each of you that read this newsletter doing to take our nation back for God and our families. Are you on the battle lines, are you praying and sending provisions to the frontline warriors, whatever you have done, ask God to help you serve HIM in greater ways.

One of the battles we have taken on is Personhood, as we work to take forward an initiative petition to protect every human being from their biological beginnings and then continue those efforts until their natural death. I say this will the love of Christ, help us, register to gather signatures, recruit others, support the efforts in some way. No one gets paid, they are all volunteers that know it is the right thing to do in God's eyes, and they are wanting to honor and glorify God by being faithful to him. Each of us knows people that others do not, and every one of us can do something, even my attorney Dee Wampler, a good Christian man signed up to gather signatures. Some might just get ten signatures from family and friends, but please get them. Some might get thousands of signatures, pray for them to stay the course.

Send provisions to cover copying, paper, travel, and other simple things needed to keep moving forward. Is honoring and glorifying God and saving babies worth the effort? Will Jesus say to even one of us in this battle for Him and His children, "why call me Lord, Lord and not do that which I say." We should be ashamed if we do nothing. HELP!!! Today we need you.

My latest book just came out and all donations will go to the Personhood effort. Book is, "Where Are Our Shepherds?" following is a partial book review from *Pro Life Defender*:

BOOK REVIEW: "WHERE ARE OUR SHEPHERDS?" George Offerman, Pro Life Defender

This book co written by Coach Dave Daubenmire and Dr. Gregory Thompson takes a very candid view of the multiple problems our society is going through, and accurately nails the cause of the problems. This book is hard hitting, but is a thorough and honest look at the failings of the Christian Church in doing little to nothing about the issues. It is not for the faint of heart or the lukewarm.

The book starts out with a bang, with the forward laying out the problems, the causes of them, and the dereliction of duty of the church both by not shaping the debate surrounding the problems, and its passivity in surrendering its moral authority, and punishing those with the integrity and honesty to stand up and attempt to address the problems...

The examples and stories are very specific and make the point rather clearly that on the ground leadership is absent. One is struck by these examples and stories, that both Dr. Thompson and Coach Daubenmire have 'walked the walk' and their ability to utilize scripture properly, gives this read a significant moral gravity that is authentic and difficult to deny. This was a book I had to read in small portions, due to the fact it lead to much contemplation, as well as some heartache when thinking about how much time I have personally wasted on what are peripheral issues, but seemed important just a few years ago. This book not only nails the problems with our shepherds and church, but is also rich in solutions that will work. There are not too many 'training manuals' out there, but this definitely is a great 'nuts and bolts' book, and is a must read for the warrior. Thank you, Dr. Thompson and Coach Daubenmire for writing this.
